

## ANTI-AIRCRAFT GUN

## ZU-14.5-1

The 14.5 mm Single barrel gun WARRIOR ZU-14.5-1 is designed for air defense of infantry against air targets at a height of up to 1500 mm and a distance of up to 2000 m.

The design features of the weapon and the presence of a ground optical sight allow it to be used to defeat ground lightly armored targets, as well as against enemy manpower, both in the open and in light shelters.
